

Target Logistics Finishes Expansion Of N.D. Lodge

THE WOODLANDS, TX.—Target Logistics announces it has completed the Judson Lodge in Williams County, N.D.

The lodge, which is on Highway 2 west of Williston, opened in October 2012. With the second phase now complete, the lodge has 100 rooms, Target Logistics says, noting that all of them have been contracted by Liberty Oilfield Services LLC.

“We at Liberty Oilfield Services place great importance on the comfort and well-being of our workforce, so naturally, we chose Target Logistics to help us consolidate them,” says Liberty Vice President of Operations Jim Brady. “We are looking forward to a very productive future.”

Target Logistics says each room features its Hibernator Sleep System™, which includes a solid wood-base bed, pillow-top mattresses, overstuffed pillows, a poly-filled comforter, and high-thread-count sheets and pillowcases; flat-screen televisions with cable access and Blu-ray players; private baths; and individual climate controls.

The company adds that the lodge offers free Wi-Fi, housekeeping services, a 24-hour dining room, a game and recreation building, a gym and fitness area, and a self-service laundry room with free detergent.
